Representative Brian Baird (D-WA): The US Campaign to End the Israeli Occupation is honored to welcome Congressman Brian Baird as the keynote speaker at our 9th Annual National Organizers' dinner. Rep. Baird has consistently been a strong advocate in Congress for equality, justice, and peace in Israel/Palestine. Baird has repeatedly called upon the U.S. to intervene in Israel's suffocating blockade of the Gaza Strip, and has worked hard to bring Rachel Corrie's tragic death at the hands of the Israeli military to the halls of Congress. This past February, Congressman Baird visited the destroyed remains of Gaza for the third time, giving him the distinction of spending more time in Gaza than any other member of Congress. The US Campaign will be presenting him with a "Courage in Congress" award for his activism and work for justice in Palestine.
