SUPPORT OUR WORK

The US Campaign to End the Israeli Occupation is recognized by the IRS as a 501(c)(3) tax-exempt organization. All contributions are tax-deductible to the extent allowed by law.

We are headquartered in Washington, DC, and staffed by a team of five full-time professionals.

Our annual budget, only a small fraction of the budgets of organizations advocating Israeli apartheid (such as AIPAC), comes primarily through individual donors and a few foundations.

Go to www.endtheoccupation.org/donate or contact us to learn about the many ways you can support our work, including one-time donations, regular monthly giving, or shopping our online store.

OUR PRINCIPLES & PURPOSE

We stand for freedom from occupation and equal rights for all. International law guarantees these human rights, including the right to exist in peace and security.

We aim to end U.S. support for Israel's 44-year occupation of the Palestinian West Bank, Gaza and East Jerusalem, and to uphold equal rights for all.

OUR GOALS

We will inform, educate and mobilize the public about the U.S. government's current role and potential role in the Israeli-Palestinian conflict.

We seek to end harmful U.S. policies, including the provision of military aid to Israel -- \$3.1 billion in 2012 alone despite Israel's repeated violations of U.S. and international law.

We call for the U.S. to work within the U.N. to implement a just and lasting peace.

OUR CAMPAIGN

Our Campaign builds on existing opposition to settlements, land confiscation, house demolitions and other violations of international law, by providing a common platform to challenge U.S. support for Israeli occupation and apartheid policies in the Palestinian West Bank, East Jerusalem and Gaza Strip. We invite all who support this Call to contribute to the fulfillment of its purpose.

CHALLENGING U.S. POLICY

U.S. military and diplomatic support play a crucial role in Israel's illegal occupation and apartheid system.

The US Campaign actively challenges U.S. support of Israel's occupation by:

- Organizing to end military aid to Israel through our site www.aidtoisrael.org.
- Educating the public about policy developments through action alerts and analysis.
- Holding advocacy training & lobbying days.
- Building a Congressional District Coordinator (CDC) network.

BOYCOTT, DIVESTMENT & SANCTIONS

Boycott, divestment and sanctions (BDS) campaigns challenge companies and institutions that profit from Israeli apartheid.

We support BDS through:

- Supporting nationwide campaigns targeting Caterpillar, Motorola Solutions, Ahava, TIAA-CREF and others.
- Providing resources, organizing toolkits and trainings for hundreds of volunteers across the country.
- Engaging congregations, campuses and communities nationwide in this global movement.

CHANGING THE CONVERSATION

The US Campaign works to fill the gaps in the mainstream media's coverage of Israel-Palestine by:

- Providing interviews and generating media coverage in television, radio, online and print media outlets.
- Using viral and social media to spread the word.
- Creating print, video, online and billboard advertising campaigns.
